

Eventos Palco is the website of the Division for Congress, Fair and Exhibition Organization belonging to PALCO Business Group. Its purpose is to provide basic information on the events held and organized in the Havana International Conference Center (HICC) and encourage participation.

The original thing about the site is that it offers the opportunity of paying the registration fee online. For this purpose, a package is designed in accordance with the prearranged hotel stay. It not only includes the registration fee of the event, but also airport transfers and others to be included as part of the official program of the meeting.
